About the Town

The Ladies Guild of St. Cy-
rian's Church are making elab-
orate arrangements for their car-
nival on Monday March 3rd. Among
the numerous prizes offered are
the following:—For the best
costumed girl; best dressed girl;
best dressed boy; best dressed
boy or girl; best dressed couple
etc. There are to be races for
adults and for children, for
which events practice has
already started. Perhaps the
chief events of the evening
will be the Grand May Pole
and the Grand March. Refresh-
ments will be served at a moderate
charge. All this if the ice is fa-
vorable, and if any person in our
neighborhood has any influence
with prophet Foster, we would be
glad if he would get busy. See
Bill.

Mr. Leslie Grossmith, who is ap-
pearing at St. Andrew's Auditori-

The entertainment and dance
held at Brereton's school house on
the 17th inst. was a huge success.
After the programme, Mr. Ray
Bagley ably auctioned off the bas-
kets. The proceeds which realized
\$122.50 was more than was an-
ticipated, but the young men held
so long in restraint from such an-
usements were very liberal. The
time was then spent in dancing,
which lasted until daylight. A
statement of the proceeds will ap-
pear later.

Dance At Clive

There was a delightful dan-
ce in Brereton's Hall, Clive, on
Thursday evening last, a large
number from the Valley and La-
combe being present. Music was
furnished by a Stettler Orchestra,
to the satisfaction of all. Mat
Jamieson, one of the best banjo
artists in the west, assisted the or-
chestra and his playing was great-
ly enjoyed. The floor was in good
shape, and everyone reports a
good time. At midnight a dainty
supper was served at the hotel af-
ter which dancing was resumed
and kept up until the "see suna
hours" of the morning, when all
departed in the hope that this so-
cial event would be repeated in the
not distant future.

At Rex Theatre

A master picture is "The Cross
Bearer" in which Montagu Love
the immensely popular star in
World Pictures is starred. This
new World Picture Brady-Made
tells an intense story of love and
hate, treachery and divine devo-
tion, cowardice and courage in
Belgium at the time of the German
invasion. It tells of one of the
experiences of Cardinal Mercier,
the world-famous prelate, in which
he saved his ward, Liège de Mer-
ode, from the Hun hordes, and un-
der his her sweetheart after

the most thrilling experiences.
"The Cross Bearer" is an alto-
gether extraordinary picture. It is
a tremendous offering, an attrac-
tion you must not miss. See it on
Saturday at the Rex theatre.

War to Peace

Make The Returning Soldier Welcome

THIS is an important hour for Canada. The
nation is entering on a new era. It is passing
from war to peace. Let us start this new era right.
There are thousands of soldiers returning from over-
seas. The Government is doing all in its power to
get these men back to civil life.

It is giving a *War Service Gratuity*—more than
any other nation—to keep the soldier going till he
gets a job.

It gives him a *pension*—where his usefulness is
impaired by his service.

It teaches a *man a new trade* when his service
unfits him for his former trade.

It gives him *free medical treatment* when ill-
ness recurs, and supplies free artificial limbs and
surgical appliances.

It is bringing back to Canada at the public
expense the *soldiers' dependents* now overseas.

But the Government, how-
ever willing, cannot provide
the personal touch needed in
this work of repatriation.
That must be given by the
people themselves.

The men who went from
these parts to fight in Fland-
ers deserve a real welcome
home—the best we can give.

In most towns committees
of citizens have already been
organized to meet the soldiers
and their dependents at the
station, to provide hot meals,
supply automobiles, afford
temporary accommodation
when necessary.

In addition, many other
towns are organizing social
gatherings to give public wel-
come to returned men after
they have been home a
few days.

After he has rested, the
soldier must be provided with
an opportunity for employ-
ment. In towns of 10,000
population, Public Employ-
ment Offices have been estab-
lished to help soldiers, as well
as war-workers, secure good
jobs quickly. Where these
exist, citizens should co-oper-
ate. Where they do not exist,
the citizens themselves should
help put the soldier in touch
with employment.

The fighting job is done. It
has cost many a heart-burn-
ing. But it has been well
done. The least we can do
is to show our appreciation
in no uncertain manner.

Don't let the welcome die
away with the cheers.

Fairview can boast of having
as large a school as any other of
the schools. That speaks good for
someone.

Well, all the folks around here
have got the wood cut. They are

Germany Forgetting That She Was Licked

London, Feb. 16.—British News-papers of all shades of opinion are devoting serious attention to the attitude adopted by the German government toward the armistice conditions. The daily news, Paris correspondent, sends a dispatch from authoritative sources on the subject, in which he says his informant told him that he had the best reason to believe that Germany is not continuing to demobilize.

"She has concentrated more than 18 divisions under Von Hindenburg on the western front," that correspondent quoted his informant as saying.

"We also have the best reasons to believe that Germany is keeping her troops under arms on the pretext of economic necessity. Some of the military authorities think that Germany has sought more material to give necessary armament to 3,000,000 men. German demobilization is a condition to our demobilization, therefore disarmament is impossible as long as Germany does not continue to demobilize.

"Allied military authorities consider the time has now arrived for Germany to give up her military strength—that she be brought to such a condition that she cannot resist later, the conditions of peace now being prepared. The Allied theory always has been that we shall frame conditions which Germany will have to accept, and that there is nothing to discuss except as regards details. For this reason Germany is trying to keep up her military strength so that she can send a delegation to the peace congress for a thorough military discussion of the peace conditions imposed. On this point the French National Socialist party and its extreme left wing is strongly opposed to anything being done to save Germany from the consequences of defeat. In this matter the French government will be supported by the entire nation.

The correspondent says he has been informed by a competent British authority that Marshal Foch "made a declaration of a somewhat serious character at a meeting of the supreme war council."

"He feels," the authority is quoted as saying, "that the German are beginning to forget that they are beaten. They are apt to forget that we are in a state of war. They have been slow in handing

over transport and other things. They are causing a great deal of difficulty.

"We are demobilizing fast, they are not continuing to demobilize. There is danger of Germany saying: 'We do not care anything about your league of nations, and we have got our troops.' Unless a change takes place we might be faced with a situation in which Germany, as regards the number of men in the field, will have three men as against the Allies two.

"The question of demobilization has been taken up by the supreme war council. All the technical advisors have certainly been in favor of taking what additional measures may be necessary to prevent any danger to the Allies of their positions, or any danger to their being able to dictate what peace terms they please."

The correspondent in Paris of the Daily Mail credits Marshal Foch as having said to the supreme war council that there were many instances of Germany's failure to comply with the armistice terms, notably in the handing over of artillery, submarines and agricultural machinery.

An evidence of the German spirit it the correspondent continued: "Marshal Foch mentioned an occasion when he summoned a German commission to meet him, and they failed to appear at the time and place indicated. It was only after strong pressure on his part that the meeting eventually took place.

"According to Marshal Foch's estimate, the Germans are now capable of placing an army of 3,000,000 in the field in 2 months time.

The correspondent adds: "It is desired to make a renewal of the war impossible under the conditions laid down. The terms suggested include the handing over of the whole of the German artillery; compulsory reduction of the German army to 25 divisions with machine guns for the internal policing of the empire, and occupation by the Allies of the Ruhr district, which includes Essen.

"During an important debate on those proposals, the further suggestion was made that, in view of Germany's attitude, the Allies should also revert to the initial demand for the handing over of transport, which was modified on account of Germany's appeal of impossibility."

CASE

Kerosene Tractors

Save Your Horses

Walking over plowed ground all day tires your team as well as the driver. How about pulling a load besides? In these days of scarcity of horse and man power the heavy farm work such as discing can be done most speedily and economical with a Case Kerosene Tractor. The 10-18 or smallest Case tractor can pull an eight foot double action disc harrow 8 ft. to full depth. Busy farmers can work the "iron horse" day and night if necessary. Don't forget that Case tractors operate over dusty fields without dust entering cylinders. The Air washer fully protects the motor. The all cut steel spur gears are fully enclosed and run in oil. The weight of the Case 10-18 is only about 3,400 lbs., this, with the liberal sized tires prevents soil packing. Other important features explained in full descriptive literature sent out for the asking. Let us tell you more about the 10-18 or larger Case Tractors.

THE LATE COL. BELCHER

The death of Lieut.-Col. Belcher removes a landmark in the history of the West. Identified with the earliest establishment of law and order, through his connection with the North West Mounted Police, the splendid record of the force and the important part borne by it in western affairs was in no small measure due to the organizing ability, military efficiency and complete honesty of purpose of the late Lt. Col. Belcher. His experience in the British service was turned to full account during his connection with the mounted police, first as troop sergeant major, then as regimental sergeant major, and afterwards as inspector. In every position he was called upon to fill he had a record of efficiency and reliability that had far-reaching results. The foundations of civilized society were being laid in the Prairie West during those years. There was no question as to the efficiency of the administration of the law. Neither was there any as to the honesty of purpose of those administering it—that is the Mounted Police. A sense of reliance on the authority of the law was established in the minds of the people, which grew with the growth of population. So that in the supposedly "wild and woolly West" we have today, as we have always had, an essentially law-abiding and law-respecting population such as is seldom seen in a newly settled country. Col. Belcher's duties in connection with internal organization of the force during a period of years had an important bearing on these results. Essentially a soldier, he did not fail to respond to the call of duty outside of Canada. His service in South Africa as second in command of the Strathcona Horse was recognized by commission as major in the Imperial Army, as well as by C.M.C. Although past military service age when the war

broke out, he had no difficulty in securing the enlistment of the 138 Battalion at Edmonton, and went with it overseas. Owing to the urgent need of reinforcements at the front the battalion was broken up in England and sent forward in drafts, but the services of Col. Belcher were retained in the fulfillment of important duties in France, in England and in Canada. He died as he would have wished to—in harness, after the war was won.

Although a military man, he was thoroughly identified with the West. He was a partner in the enterprise of erecting the first grist mill and saw mill in Edmonton. The firm was Norris and Belcher. The millsite was on Fraser's flat or Riverdale.

He was married at Edmonton in September, 1880 to Miss Margaret McLeod, who survives him. He is survived by two sons and four daughters. Arthur, the oldest surviving son, is manager of the Mechanics Bank at Stettler; Alec, the youngest, is a law student with Short and Cross. The daughters are: Mrs. Hugh Nesbitt, of Winnipeg, where Mr. Nesbitt is assistant manager of the Merchants bank; Mrs. Graham, wife of Major David Graham, formerly an engineer with the C.N.R. and now major of a railway battalion in France; Mrs. Mewburn, wife of Capt. Hastings Mewburn of the Army Medical corps, and Miss Anna who is a nurse in training in Medicine Hat Hospital. The second son, Capt. Percy Belcher of the 49th, was killed in action at Passchendaele on October 30, 1917. All the surviving children were present at the last rites.

Police Magistrate, P. H. Belcher of Peace River is a brother of the late Lt. Col. Belcher, and was also present at the funeral. Another brother, Harry, is a resident of Peace River but was unable to attend.

LUNCH AT NOON

AUGUST GINGER, Owner — C. F. DAMRON, Auctioneer

Most of the cows are giving milk at present and a few of them will be fresh by time of sale. Arrange to attend. If you are interested in good milch cows and want to buy one or more, it will be to your interest to attend this sale. Mr. Ginger has listed his entire herd and it is very doubtful if there is a more profitable herd of first class milch cows anywhere in the district.

Lacombe Seed Fair
The Lacombe Seed Fair held on
Wednesday February 12th, was
the largest in number of exhibits
ever held in the District there be-
ing between 50 and 60 entries, of
what Seed Fair Judge Clark said
were extra good exhibits this year.
There were a large number of far-
mers in, and more interest seemed
to be taken than usual. After the
market, Messrs. Clarke and Ras-
mussen in short addresses, gave
their audience some good advice
as to sowing the best quality and
absolutely clean seed, showing that
it paid. There were several thou-
sands bushels sold at the market,
after the judging. Mr. Rasmussen
being a large purchaser from We-
taskiwin.

Notice to Creditors

In the estate of George Boomer, late of near the town of Lacombe, in the province of Alberta, Farmer, deceased.

Notice is hereby given that all persons having claims upon the estate of the late George Boomer, who died on the 10th day of May 1917, are required to send to the Administrator of the said estate, Marshall Boomer, by post prepaid at the Post Office, Lacombe, Alta. on or before the 25th day of March A.D. 1919, a full statement of their claims and of any securities held by them duly verified, and that after that date, the said Administrator will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been filed with him.

Dated at Lacombe, in the Province of Alberta, this 13th day of February, A.D. 1919.

A. M. MacDonald,
Solicitor for the said Administrator, Lacombe Alberta

Bentley Notes

A meeting of all the farmers interested in the Pure-bred horse business is called to meet in Bentley on Saturday afternoon at 2:30 to discuss the organization of a Pure-bred Horse Breeders Association. The object of this organization is to stimulate the farmers to breed to the best type of horse. To all farmers who will join this organization and decide on one stallion which meets the government requirements, the government will refund to them 40 per cent. of the service fees. This is worthy of consideration, by all men who are interested in the development of a better class of horse stock in the district and there should be a large turnout.

The frame work of the 60x50 addition to the garage is going up this week. Mr. Hewitt is in charge of the construction.

Mr. Dee R. Finch has purchased the Popplewell property occupied by Mr. Frank London.

Mrs. J. M. Fawcett is spending a few days in Calgary this week. Mr. Shafer is erecting a barber shop on his lot, recently purchased from P. E. Thorp, next to Birch's blacksmith shop.

Mr. Cogburn of Washington, U.S.A. an old timer of Bentley and Leadale, spent a few hours in Bentley on Friday.

Some one said that Calgary was Hog Town, well, Bentley will soon crowd it out. Last week, Damron and Thorp took in 591 hogs.

The meeting of the Bentley Y.P.S. last Friday was a most decided success. The program was arranged by the Celebrity Committee and they are to be congratulated upon their effort. It was an evening with Tennyson, Kipling and Dickens. Miss Noiles, introduced Tennyson in a splendid treatment of his life and works. Mrs. Thorp sang 'Sweet and Low' and 'Crossing the Bar.' Florence Court read 'The Passing of Arthur' and Muriel Demant recited 'The Revenge.'

Miss Hobbs introduced Rudyard Kipling, giving a sketch of his life and works, and Frank Thorp gave some interesting excerpts from many of Kipling's works.

Mr. Gibson presented the characteristics of Charles Dickens and Miss R. Nuttall gave readings of Dickens, 'Journey of Life.' 'Christmas Carol' and a selection from David Copperfield. Miss Nuttall is a Gold Medalist of the London (Eng) Academy and her renderings certainly delighted the audience. Miss Florence Court sang Lauder's 'Wee House Among the Heather.'

There was only one fault to find with the whole evening and that was that there were not many more out to enjoy it. The program was well worthy of a crowded house. Mr. Morley Crawford was an able chairman.

The meeting on Feb. 21st will be in charge of the debating committee and they promise another interesting program. Do not miss it.

A large number of the young folks gathered at the home of Mrs. Ray Miles on Saturday afternoon as a surprise to Miss Faye Nicholson, whose marriage to Mr. Ray Hutton takes place on Wednesday. A miscellaneous shower was bestowed upon the Bride-to-be and many useful and pretty presents were given.

At the meeting of the Men's Class Sunday evening after church service, a study of Rural Sociology was begun. This is a study which should interest all of the men of the community and a cordial invitation is given to the farmers to join in this study and the discussion.

The regular monthly meeting of the Sunset Local U.F.A. No. 51 will be held in the Stephenson schoolhouse on Saturday evening Feb. 22nd. After the regular business of the Local has been transacted there will be a debate on Rural vs. city life.

There will be four debaters on each side, Messrs. A. Haarstad, A. J. Anderson, E. Wiffin and E. Anderson will support the Rural question, while Messrs. J. L. Robinson, E. Haarstad, J. Solberg and S. Brooks will be the exponents of the superiority of City life. Five judges have been chosen as follows, Messrs. J. Holman, M. Skjoberg, O. V. Vig, O. T. Johnson and H. P. Hanson. The secretary has secured literature from the Dept. of Extension of the University of Alberta and both sides are working hard to put up a winning argument. The meeting will start sharp at 8 p.m. so be sure to be on time.

Unfortunately our Bulletin will not be out of the post office next

week in time to give any information regarding the annual meeting and nominations for municipality No. 400 which will be of any use for voting day. Not that any advice that we might give would be of any particular value to the electorate, perhaps, but we could at least give an accurate report of the meeting. However, whether or all the councillors are returned by acclamation or not, there will be still need for the ratepayers to turn out on polling day, Feb. 27th and register their wishes in regard to the Municipal Hall Insurance Act. It is to be hoped that a large majority will be polled in favor of the act.

Rev. Wm. Irvine of Calgary, will be in Bentley on Thursday Feb. 27 and will speak in the Bentley church at 8 p.m. on the non-Partisan League of Alberta. Mr. Irvine was here last winter, but came on short notice and the weather was not the best, so there was a very few out to hear him. He is a convincing speaker and every farmer in the district should be out to hear him speak on the Farmers Political Party. This is without doubt what the non-Partisan League will become and it is we men, the peasant program to bring about the rule of the people which has ever been placed before the people of Alberta. Do not fail to hear him.

Furniture and Household effects for sale, including, beds, springs, and mattresses. Willis, upright Grand Piano, dining table and chairs, dressers, Lino, Range and heater washing machine and wringer. Pure bred Pullets and Cocker at bargain. Incubator 140 egg, 1 brooder. Apply A. V. Cocks, Bentley.

The G.W.V.A.

A meeting of the returned men of the Lacombe district was held in the Veteran Theatre on 15th when it was decided to open a branch of the G.W.V.A. in the town of Lacombe.

All men who enlisted in the C.E.F. and have seen service overseas in the Great War 1914 to 1918 are eligible for membership.

The Association is formed to preserve the memory and records of those who served and gave their lives to the British Empire. To see to the erection of monuments to their valor and the establishment of an annual memorial day.

To ensure that proper provision is made for the due care of the sick, wounded and needy among those who have served including pensions, employment for such as are capable, aid in homes, medical care and proper provisions for dependent families of enlisted men.

To uphold true loyalty in Canada and the Empire, and maintain proper standards of dignity and honour between all returned soldiers.

The old Royal Bank Buildings have been secured by the Association and they are furnishing the upper flat as club rooms where every returned soldier will be heartily welcome.

It is the wish of the Association that all returned men become members, as soon as possible, as in unity there is strength.

Say, if you want to buy a good Percheron stallion, for your Farmers Stallion club this year, see Winslow's Percheron 2nd. His add appears in this issue.

Sir Wilfrid Laurier is Dead

Sir Wilfrid Laurier, stricken with paralysis on Sunday, died on Monday afternoon, at his home in Ottawa.

From Fred Butcher

Dear Friends—A few more lines to tell you of the whereabouts of our party. We are now in Woodburn, Oregon, enjoying the hospitality of Dr. G. Butcher, a brother of ours, who we had not seen for a quarter of a century. His home during this time was on the Pacific coast. We started from Colfax Sunday evening, where we visited another brother, who also made his home in Washington for a number of years. We took the flyer for Portland, and followed the serpentine curves of the Columbia for 361 miles, at an elevation of 1961 feet to nearly sea level at Portland, arriving at this city at 8:30 the following morning. We regretted very much that the scenic beauty down the Columbia was passed during the night so that we missed seeing its rapids and falls, banks of towering cliffs its milling industries, salmon fisheries, canneries, and many other sights. We were up early to drink in the manifold beauties as they flitted by, and it was a scene worth while. We took in Portland, with its hum of industry, its sky scrapers, its beautiful parks, its lovely drives, and Council Crest, which has an elevated location of two thousand four hundred feet above the city. From this point a fine view is obtained. This is the Rose Carnival city of America. Roses of all kinds and variety are grown here, and they attain a growth of twelve feet. Just now the buds are unfolding to the spring weather, and in some places they have retained their autumn foliage, and belated buds are bursting into beauty. Holly trees are in full garb, and the red berries are seen in all parts of the residential section. The city is located on the Willamette River, which is spanned with some of the most wonderful bridges on the continent—the Broadway bridge being a marvel of bridge building. This bridge is arranged to fold up to allow the passage of ships, and the folding portions of bridge weighing thousands of tons are lifted with electrical machinery.

The river admits of the passage of large vessels, and in the shipyards here many new vessels are under construction. We saw ships in various stages of construction from those just laid down to those getting the first test under power. After two days in this busy city we boarded the train for Woodburn, a lively city of 3500 people, surrounded by a magnificent farming and fruit country. Fruits of all kinds are grown here, small fruit farming being at the present time in the ascendency. Scale is very prevalent among the fruit farms, and is causing constant vigilance on the part of the growers to check its inroads. Logan berries sell for 7 cents per lb. and pears for 1½¢ per lb. From this place is visible Mount Hood, Jefferson and Ranier which are now capped the year around. This part of Oregon is known as the Willamette Valley, and is bordered on the east by the Cascades, and the west by the Coast ranges of the Rockies. Last week it rained every day, but it was warm and delightful and the busy activity of spring is present. Green fields of Oats and wheat, and fine groves, give great beauty to the landscape. Land here is selling from one hundred to five hundred dollars per acre, according to improvements. Prune plums are one of the choice commercial varieties of fruit raised here, but one of the strange things is that you pay the same for them here as you do in Lacombe. The soil here is reddish brown, the water soft as rain water. Rains prevail here in the winter, and electrical storms are almost unknown. My next letter will be from California—this is the last from Oregon. Fred Butcher and party.

The Box Social

The G. W. V. A. is deeply thankful to the citizens of Lacombe for the whole hearted manner in which they turned out and supported their entertainment on Friday night. The Veteran theatre was crowded to the doors, and the greatest good nature prevailed

during the evening. Music for the dance was furnished by the Ponoka orchestra, and this organization received much praise. About midnight, Clarence Damron, veteran auctioneer and all round sport, who donated his services for the occasion, commenced the sale of boxes, and he sure made some brisk bidding. W. F. Graham, N. W. Morrison, H. G. Morrison, A. M. MacDonald, and others, had boxes handed to them at prices all the way up to \$10.00. While the bidding may have been in order, we have a strong suspicion that Auctioneer Damron rushed things somewhat, and brought the price up to where he thought it should be in; other words, put on all the traffic could bear. To Mr. Damron is due in no small way the success of the evening. The Association has now a neat sum in bank for organization purposes, which we are sure will be used to good advantage. Many returned men were present, and were given a hearty welcome.

Grossmith Recital To Be Unique Performance

The only appearance here of Leslie Grossmith, the famous English entertainer is arousing enthusiasm among the music loving people of our town who are looking forward to a genuine treat and unusual enjoyment. The character of Mr. Grossmith's entertainment is absolutely unique. O criticism of the recital given by Mr. Grossmith in Boston describes better than anything else possibly could the wonderful versatility of the man as follows: "Mr. Grossmith is both accomplished and versatile. He is not only a delineator of character, but a skilled musician as well, revealing his artistry as a mimic, as a pianist, as a monologist, and as a

composer. Everything in his repertoire, with the exception of one or two musical compositions is of a light and amusing nature. In fact Mr. Grossmith makes himself both engaging and jolly, with the result that the audience is much delighted with wholesome fun.

Under the auspices of the Ladies Aid, a high class entertainment will be held in Brereton's Hall on Monday, Feb. 24th at 8 p.m. The entertainment will be furnished by J. F. Fouché, the Chataqua artist. Mr. Fouché has scored signal success in the Chataqua and Lyceum circuits in the States and in Alberta, and guarantees a splendid programme. Tickets may be had from any lady of the Aid.

Teen News

On Friday evening last Mrs. P. Walters gave an enjoyable party to a number of her friends. Cards and dancing were enjoyed and dainty refreshments served during the evening.

The postponed concert and supper will be held Friday Feb. 28th. A splendid musical programme has been arranged. Those attending may properly anticipate a real treat. The Mirror orchestra will furnish music for the dance, after the concert and this dance will no doubt prove to be the event of the season.

The dance held by the Yeomen Friday evening was a huge success, there being more than one hundred people present.

Mrs. Dan MacMillan who has been visiting friends in Lacombe returned home Sunday.

Mrs. Haskins left on Wednesday for her home in the United States. She was accompanied as far as Calgary by her mother Mrs. Fred
